

BACHELOR OF FINANCE (HONS) (N/343/6/0068)

Banking

Islamic Finance

Financial Planning

The Bachelor of Finance (Honours) {BFin (Hons)} degree programme is designed to equip students with a broad knowledge in the field of finance to enable them to either find employment at various financial and business organisations or to pursue higher tertiary qualification. It is conducted over a three-year period on a semester basis. Students pursuing the programme will be exposed to the relevant finance concepts and strategies and acquire leadership skills in the financial services industry to enable them to make complex and difficult decisions using modern finance, accounting, investment and management analysis methods.

In addition, students also learn to apply them to real world situations through case studies and to communicate effectively at all levels. Given such academic exposure, graduates of this programme, therefore, would be at an advantageous position to find career opportunities not only in the government sector, but more importantly, in the private and corporate sectors.

The combination of courses offered in the programme allows for greater flexibility in the choice of career. Students can choose to specialise in areas such as Banking, Islamic Finance or Financial Planning.

Other Qualifications	Other qualifications will be assessed based on Senate's recommendation and referred to MQA for
	approval on a case by case basis

Duration:

Full Time: The bi-semester programme is taught over a period of three years. Part Time: The tri-semester programme is taught over a period of five years.

Assessment:

Students' ability is gauged both through continuous assessment and a final semester exam. The continuous assessment comprises of tests/quizzes, mid semester examination and projects/assignments that accounts for an allocation of about 40%-50% of the coursework marks. The balance of the marks is allocated for the final examination.
